FOR RELEASE

UNITIL FILES FOR A CHANGE IN GAS AND ELECTRIC DISTRIBUTION RATES FOR MASSACHUSETTS CUSTOMERS

HAMPTON, N.H., JUNE 16, 2015 — Unitil Corporation (NYSE: UTL) (www.unitil.com) announced today that its Massachusetts gas and electric distribution utility, Fitchburg Gas and Electric Light Company d/b/a Unitil, filed separate rate cases for its gas and electric divisions with the Massachusetts Department of Public Utilities (“Department”) requesting approval to change distribution rates. If approved, the new rates would become effective no later than May 1, 2016 following a comprehensive review by the Department.

Unitil requested a gas rate increase of \$3.0 million, or 8.3 percent, over total gas operating revenue. For the electric division, the Company has requested an electric rate increase of \$3.8 million, or 5.6 percent, over total electric operating revenue. The gas and electric distribution rate increases are driven by expenditures to replace aging infrastructure and enhance system reliability and by higher operating costs.

A typical residential gas customer using an average of 74 therms a month would see an increase of \$13.68 per month or 9.3 percent. The typical residential electric customer using an average of 587 kWh a month would see an increase of \$4.88 per month or 3.5 percent. Impacts on other individual customers will vary depending upon rate class and usage characteristics.
